We Inspire and Build the Future Life Sciences Workforce

MassBioEd is dedicated to developing the region’s life sciences workforce with a focus on expansion, opportunity, and diversity. Since 2001, we have evolved into a unique link that connects students, educators, and industry professionals in programs that engage and excite teachers, inspire students, and illuminate pathways to careers and leadership in the industry.

The cornerstones of our work — BioTeach and BioTalent — are inter-connected programs that ignite student interest and cultivate a field of diverse experts committed to solving some of the world’s most vexing challenges.

Our Impact

The need to educate the next generation, illuminate the myriad of career opportunities to underserved communities, and train new workers is more important than ever. This year:

- **15,000** Students reached in hands-on labs and college and career exploration events
- **>50%** Schools reached were low or very low income
- **30+** Companies and universities served as Career Ambassadors and event hosts
- **200+** Teachers received hands-on training in leading authentic biotechnology labs
- **350+** People accessed our annual Massachusetts Life Sciences Employment Outlook report
- **99%** Teachers reported acquiring greater knowledge & confidence
- **220** Professionals obtained new skills through Professional Development courses

MassBioEd’s programs and services are designed for SUCCESS.

Make a Difference
Inspire and Build the Life Sciences Workforce

Industry partners are critical to making our education and workforce development programs possible. Join MassBioEd in opening career doors to underserved students, building a strong and diverse workforce and inspiring your employees. Become an industry partner!

Grant Funding
Grant funding is critical to sustain and expand programming. Funds can be designated for specific BioTeach or BioTalent program activities, or can support general operations.

Sponsor an Event
Corporate Sponsorship is a significant way to support MassBioEd. Various sponsorship options provide opportunities for companies to participate in signature events and receive recognition for their invaluable support.

Your investment will help us reach our goals to:
- Double the number of teachers trained and mentored to engage students in authentic biotechnology labs
- Bring in-depth, long term science and experiential learning programs to underserved schools
- Link 1,000 more students with industry professionals so they can see "what is possible" in their future
- Provide alternative training opportunities that offer new pathways into the industry

Volunteer

Career Exploration Days
Host student visits. Events offer an opportunity for students to connect what they are learning with the work that occurs on a daily basis. Students meet on site or virtually with company professionals, participate in science demonstrations and tour company facilities.

Career Ambassador Program
Volunteer ambassadors build a critical bridge between classrooms and careers. Ambassadors from all areas in the industry share their experience and enthusiasm: speaking in schools, being on a career panel, answering questions in spotlight videos or speaking in virtual interactive classrooms.
